Tel No.: +91 2292099

Telefax: +91 2292102

Email: sipmiukohima@gmail.com

Web site: www.sipmiunagaland.com

Brief Description of the Project:

The Government of India/ Government of Nagaland has applied for a loan from the Asian Development Bank (ADB) towards the North Eastern Region Capital Cities Development Investment Program (NERCCDIP). Loan 2834-IND under ADB's Multi-tranche Financing Facility (MFF) towards financing of an investment program to improve urban conditions in North Eastern Region capital cities, namely, Agartala, Aizawl, Gangtok, Kohima and Shillong. The expected impact of the Investment Program is improved environment and well-being of urban residents in the five capital cities. The Program will (i) improve urban infrastructure and services, (ii) strengthen urban institutions for better service delivery, build project management and implementation capacity. The Project will comprise two parts: Part A will cover urban infrastructure and services improvement including the rehabilitation, improvement and expansion of (i) water supply, (ii) sewerage and sanitation, and (iii) solid waste management. Part B will cover Investment Program management and implementation support and a comprehensive capacity building assistance to support the accomplishment of the urban institutional and financial reform agenda, and enhance planning, operation and maintenance (O&M), revenue mobilization, and financial management capabilities of service providers.

In Kohima, the Project will specifically support rehabilitation and expansion of the water distribution system – namely storage, transmission and secondary distribution systems – and comprehensive non-revenue water (NRW) program, which will include installation or replacement of bulk water meters as well as a leak detection program for rehabilitation and strengthening of the existing distribution network. In addition the Program will also support the Government in (i) improving sanitation facilities, including sewerage and sewage treatment in most congested areas, construction of toilet blocks and assistance to households to convert pit latrines into flush latrines and (ii) developing solid waste management facilities, including composting facilities, an engineered landfills site, improvements to primary and secondary collection as well as beneficiary awareness. The Program will also support the implementation of comprehensive institutional development and capacity development programs.

Scope of Work for DSMC:

The consultants will be responsible in Kohima for the following:

1. Design, Procurement and Construction Supervision

- (a) conducting all necessary surveys, investigation and tests,
- (b) conducting technical appraisal of subprojects and updating preliminary designs,
- (c) preparing detailed engineering designs,
- (d) preparing specifications and bidding documents
- (e) providing technical and commercial guidance during tendering process, bid evaluation and award of works,
- (f) construction supervision and contract monitoring

2. Management and Coordination

- (a) support SIPMIU in overall Program management, implementation and monitoring;
- (b) establishment of Investment Program Performance Monitoring System and all other internal systems (including disbursement, budgeting etc);
- (c) preparation of tranche releases;
- (d) safeguards and all other due diligence compliance and monitoring;
- (e) support to the implementation of reform, awareness and operational improvement programs.

Refer to the [Terms of Reference \(TOR\)](#) for detailed information regarding nature of services to be provided.

Interested consulting firm(s) may obtain further information from the Executing Agency.
